

## CONFERENCE

# University and inclusion scientific conference

December 14 and 15 2023, Rome

The University is a key player in regional development. The third mission of universities is defined as the activities of universities aimed at solving social and economic problems, including those related to the realization of sustainable development goals. All these outcomes are possible with an interrelationship with local and regional key players and with society as a whole. The conference aims to respond to the question: what the role of is the University in Inclusiveness? How did university promote the Inclusiveness? Who are the University partners on this road? The conference will be on presence and online.
